Name: \_\_\_\_\_

Phone: \_\_\_\_\_

Email: \_\_\_\_\_

### Measurements:

We recommend measurements be taken by a professional seamstress or tailor to ensure the best possible fit. If you are unable to get measured professionally: use a soft measuring tape, follow the guidelines on our diagram & measure over your undergarments for the most accurate fit. If you are in between two measurements: go with the larger one. It is much easier to take in a dress than to let it out.
